PRESIDENT'S MESSAGE

Accomplishment: Something that has been achieved successfully.

As we come to the end of the year, I think everyone will have accomplished something in 2021. It may be something personal, financial, as a group and the list goes on. As far as our UFO challenge there are several members that have accomplished completing 10 UFO projects this year including me. Oh, it feels so good to have those projects out of our minds and off the shelves taking up space. There are many more of you, quilters out there that have completed projects as well but keep it to yourselves and that is just fine.

One of my other accomplishments for this year was hiking a section of the Pacific Crest Trail that I mentioned in the last newsletter. I was able to hike 300 of the 700 miles that were intended to be hiked. Due to the fires in Northern California the trails got closed just below South Lake Tahoe making it impossible to complete our full itinerary. We were very happy to complete the miles we did and what an awesome experience to enjoy the outdoors and beautiful surroundings.

We have what I feel is a great solution for our quilt show in 2022 due to the shortness of time and the added cost to put on a full quilt show at this time. The plan is to display quilts at members, homes in an outdoor setting. More info to follow from our quilt show chairperson.

General meetings will continue to be via zoom until further notice except for our December meeting. We are planning in person get together with member show and tell, possibly snacks, library silent auction, ways and means and all the other normal things we do at our meetings. We WILL NOT have a parade of philanthropy quilts.

As we come to the end of 2021 let's all be thankful for what we have and what we have accomplished.

Happy Sewing,
Pamuela Hodson
CQA, Co-president

*It's
The SEASON
to GIVE
Thanks*

As we near another "Season of Thanks", there is another ... maybe deeper need to once again thank the organizers of our sadly canceled 2020 Ruby Jubilee Quilt Show.

We are starting to gather up the Raffle Baskets.

They are so clever and creative!

And have started to inventory our boutique larder in the storage unit. It is unbelievably organized.

Your generous care and untold hours of commitment are evident!

For the next fundraising event, whatever it shall be, your efforts will play a major role for successfully moving forward, please know that we

*"stand tall on your shoulders"
and appreciate each and everyone's efforts.*

Thank You.

*With gratitude and respectfully submitted,
Jane Aiello*

Something New is Coming in 2022.....

The CQA 2022 Quilt Event Committee met again in October and discussed many topics. We are definitely making progress as we achieved consensus on the following for a very special Spring Event for CQA members and friends.

- We are waiting for confirmation from the Community Center, our normal meeting room, to reserve April 29 for set-up and April 30 for a boutique sale, displays, raffle baskets and ticket sales for our tour event.
- The "Tour" will display outdoor quilts at up to 10 locations with each site having its own theme. Preliminary sites volunteered are Garden & Barn hosted by Thelma Atkinson; Open Backyard hosted by Patrice Lambourne; Comfort Givers Display hosted by Lou Dunne.

Would you like to host one of the sites and choose a theme? We need more locations.

- Tickets will be \$15 per guest and will include light refreshments, one raffle ticket, a wristband, and a tour map.
- Many members have already volunteered to lead various tasks; we will need lots of helpers to assist with creating 6 raffle baskets with many materials already on hand; signage and decorations; boutique set-up and sales; coordination of refreshments; and ticket sales

Our next meeting is on Nov. 16, Tuesday, 10:00 a.m., at the Dudley House.

Please join us and/or contact Cheryl Collart if you wish to help.

Road to California Bus Trip!!!

Friday, January 21, 2022

If you are definitely going to attend and will be following up with payment...Please text me at 805-490-0864 at your earliest convenience so we can determine if the trip has enough interest to cover costs. Please feel free to text with questions as well.

For now, Road to California is requiring proof of vaccination, or a negative covid test within 72 hours. They are also requiring masks for all attendees. That means we will have to wear masks on the bus as well unless you are eating.

Now that said...things will likely change between now and then. We have room for 50 participants but if we don't get enough interest we will cancel for this year. So please text me at 805-490-0864.

Thanks so much!

BLOCK OF THE MONTH

Holidays are here, and I've found some fun blocks for you to make in your "spare time". Remember to print the foundation pattern at actual size if you want your finished block, once completed and trimmed to the outside seam allowance, to measure 7-1/2".

November BOM, "**My Mother's Apron**" is a historic pattern (#960) shown in *Barbara Brackman's Block Base+* software. It was originally shared in the Kansas City Star newspaper. I'm being sentimental here – Thanksgiving is my favorite holiday, and I fondly remember my mother's fancy aprons while she was cooking the turkey on Thanksgiving Day. I added a piece of lace at the top of my sample as a remembrance. You will find it quite easy to piece even if you add lace.

The December BOM is called "**House in the Pines**". You'll see that the pattern has separate sections, which are then sewn together to create the star in the corner. The tree has some angles, but with the techniques of foundation paper piecing you'll be fine!

Our holiday blocks will be posted on the CQA website around the first day of November and December. You'll also receive an email notifying you when the patterns are posted and ready for printing.

Let me know if you have questions, suggestions, or need help.

SPEAKERS & WORKSHOPS

Nancy Prince, an award-winning quilt artist from Orlando, Florida, and specializes in thread painting. Her anyone-can-do-it approach to thread painting is fun, easy and a new way for quilters to broaden their quilting experience.

This workshop will introduce you to both thread painting and thread sketching. A pre-printed design easily guides you through each step to assure your success right from the start. The straight and zigzag stitch creates magic right before your eyes. The Zoom presentation is almost like having a private lesson with m. So come see how easy the process is and how much fun creating designs in thread can be.

SPEAKERS & WORKSHOPS

A native of Michigan, Karen Combs began quilting while still in high school. She has a degree in library science and has worked at many state, city and school libraries before finding her calling as a professional quilting instructor, writer and designer.

Her quilts are known for taking a traditional pattern and giving it her own unique "twist." Karen is intrigued with quilts of illusions and has been designing quilts with a 3-D look for several years. Karen is the author 9 different books.
